

Puragra Guhathakurta

Education

1980–1983 B.Sc. in Physics (Honours), Chemistry, and Math, St. Xavier's College, University of Calcutta
1984–1985 M.Sc. in Physics, University of Calcutta (transferred to Princeton after year 1 of two-year program)
1985–1987 M.A. in Astrophysical Sciences, Princeton University
1987–1989 Ph.D. in Astrophysical Sciences, Princeton University

Academic positions

1989–1992 Member, Institute for Advanced Study, School of Natural Sciences
1992–1994 Hubble Fellow, Astrophysical Sciences, Princeton University
1994 Assistant Astronomer, Space Telescope Science Institute (University Programs Division)
1994–1998 Assistant Astronomer/Professor, UCO/Lick Observatory, University of California Santa Cruz
1998–2002 Associate Astronomer/Professor, UCO/Lick Observatory, University of California Santa Cruz
2002– Astronomer/Professor, UCO/Lick Observatory, University of California Santa Cruz
2009– Director, Science Internship Program, University of California Santa Cruz
2012– Adjunct Faculty, Science Department, Castilleja School, Palo Alto
2015 Visiting Faculty, Google, Mountain View

Honors and awards

1985 National Talent Search Scholarship (annual all-India award)
1986 Thaw Prize in Astrophysics, Princeton University
1992–1994 Hubble Fellowship, Princeton University, Astrophysical Sciences
1997–2001 Alfred P. Sloan Research Fellowship, University of California Santa Cruz
2002–2003 National Research Council of Canada's 2001 Herzberg Memorial Prize and Fellowship

Publications: 198 journal articles (and 10 pending); 286 conference papers/abstracts (including papers with team authorship); 14,066 citations (excluding papers with team authorship; as of 1/28/2015)

Research grants: PI or co-PI on 42 grants totalling \$7.53 million since 1994

Research advising: 12 Ph.D. students (primary supervisor), 18 other graduate students, 7 post-doctoral researchers, 33 undergraduates, 51 high-school students (SIP), ~200 high-school students (COSMOS)

Technical talks: 53 invited talks at international astronomy conferences; 108 colloquia/seminars

Public talks: ~200 talks in various venues (museums, schools, observatories, planetaria, etc.) since 1988

Classroom teaching: Introductory astronomy class (~200 undergraduates/year; 1994–2014) and seminars at UCSC; algebra class at Santa Cruz county jail (2009–14); substitute high-school teaching in India (1980)

Selected research projects: PI or co-I on several large astrophysics research projects including SPLASH, M31AGES, HALO7D (lead on all three), PHAT, DEEP2/3, AEGIS, NGVS, PISCeS, and HSTPROMO.

Selected media coverage: Participated in 4 PBS TV shows, 18 press releases, and ~20 press interviews

Selected recent appointments: Chair, Keck UC extragalactic time allocation committee (2012–14); Lick Observatory/San Jose streetlighting liaison (1998–2014); chair, UCSC astronomy/astrophysics graduate admissions committee (2003–14); chair, Hubble Fellowship selection committee (2012); UC Observatories development coordinator (2012–14); UCSC representative to Association of Universities for Research in Astronomy (2013–14); member, China Telescope Access Program time allocation committee (2011–13); referee, Japan Subaru proposals (2010–11); reviewer, National Science Foundation grants (1999, 2011–12)

Selected science committee memberships: Thirty-Meter Telescope international science definition team (2013–14); Maunakea Spectroscopic Explorer science team (2013–14); UC co-chair for Thirty-Meter Telescope science advisory council (2005–09); California Extremely Large Telescope instrument working group (2000–01); Keck Echelle Spectrograph and Imager science team (1995–97); Keck Observatory science steering committee (2004–05)
